NO DIG Pipe Repair System

**Eliminating the need for costly, disruptive and time consuming excavation work.**

**Atlantic** uses the latest development in high performance NO DIG pipe repair solutions. The Pipe Patch provides quick and easy to use method for the permanent repair of sewer pipes. The Pipe Patch system is quickly and easily installed internally and eliminates the need for costly, disruptive and time consuming excavation.

Prepare resin and patch

Wrap patch around packer

Secure patch to packer

Push packer into sewer line

Permanent repair in 1-3 hours

**The Ultimate Resin:** Our patented resin provides the strength and flexibility to permanently repair any cracks and voids. The resin is able to cure in the presence of water and eliminates the possibility of being washed away.

- Odorless and ideal for working in confined spaces
- Outstanding bonding properties to most materials
- Excellent chemical resistance compared to other resins
- Non-flammable, making it ideal for airports, hospitals, etc.
- Non-hazardous, so no transport or disposal problems
